N-421	42mm(OD.)	220mm	305g

Applicable Pipe

Product Number		VP Pipe	VW Pipe	VE Pipe
N-420	Nominal Size	VP 20	VW 20	VE 22
	Outer Dia.	26mm	26mm	26mm
N-421	Nominal Size	VP 30	VW 30	VE 36
	Outer Dia.	38mm	38mm	42mm

How to Cut

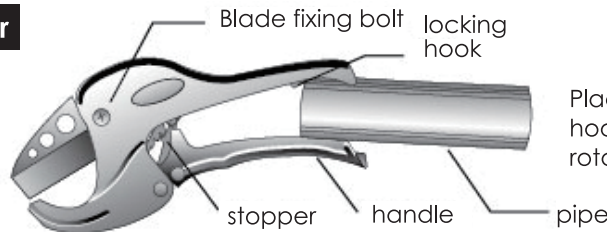

- 1.Open the handles with both hands.
- 2.Insert the pipe and slowly squeeze the handles.
- 3.After making first cut, loosen the handles. Then the ratchet will start to work.
- 4.Grip the handles and cut again.
- 5.Repeat until the pipe cut completely.

⚠ Caution

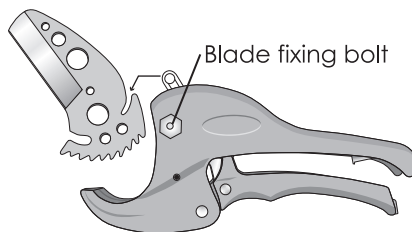

Old pipes and pipes in winter season are easy to break. So, warm them with a burner beforehand, then start to cut slowly.

How to Chamfer

Place a pipe along the locking hook between handles, then rotate the pipe.

Blade replace

Loosen blade fixing bolt and pull out the blade gently as shown. For installation, follow in reverse order.
